**Keynote Speaker
Janeen Marshall, MD**

Geriatrics and the Mount Sinai Hospitalization at Home Program

Dr Marshall will present an innovative Mt Sinai program which brings a clinical team and services to elderly patients in the community. The program's goal is to treat some acute conditions in the home effectively while avoiding hospitalization and emergency department visits, and at the same time achieve good outcomes. This is a new model of care that may be replicated in other communities in our region.

Janeen Marshall, MD is Associate Clinical Director of the Mount Sinai Hospitalization at Home Program and Assistant Professor at the Brookdale Department of Geriatrics and Palliative Medicine, Icahn School of Medicine at Mt Sinai
